

ON TIME. ON SPEC. ON BUDGET.

**Hamilton Truss – your local,
premier truss manufacturer.**

With Hamilton Truss, you can build with confidence.

For more than three decades, Hamilton Truss has supplied area contractors with superior trusses and unparalleled customer service. Hamilton Truss offers a complete design-to-completion facility that utilizes state-of-the-art machinery to manufacture trusses to your specs, up to 80' in length.

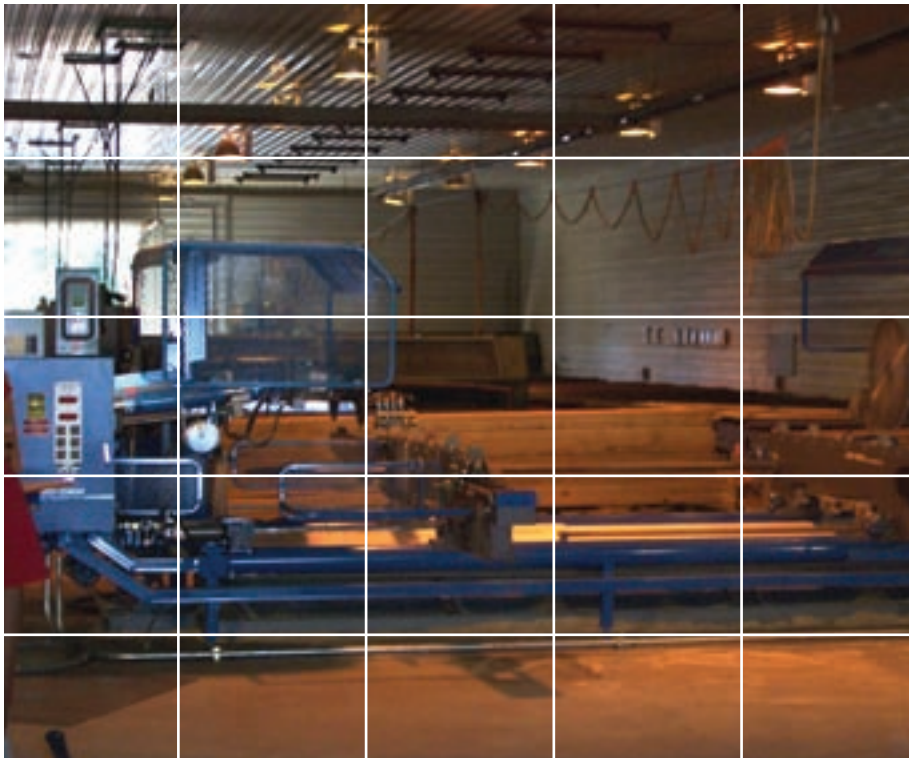

On-site delivery – one less thing to worry about.

Hamilton Truss also prides itself on its prompt and efficient delivery. Hamilton Trusses are delivered easily and safely with our fleet of roll-off trailers – wherever you need them.

Buy direct and hit your budget.

We manufacture the trusses in our own plant. There are no middlemen to speak of. That being the case, we are able to consistently pass along a cost savings that will help you meet your budget and your customer's expectations.
